*Attention: International Bureau and Wireline Competition Bureau*

**DOMESTIC APPLICATION FOR TRANSFER OF CONTROL**

**I. Introduction**

Pursuant to Section 214 of the Communications Act of 1934, as amended', and Sections 63.18 and 63.04(a) of the Commission's rules<sup>2</sup>, Midwestern Telecommunications, Inc. (MTI) hereby seeks consent to the transfer of control of Five Star Phone Center (Five Star)<sup>3</sup> from Five Star to MTI. MTI and Five Star each hold authority pursuant to Section 214 to provide domestic telecommunications services

Five Star has a consumer base of approximately 350 local exchange customers in Illinois. It provides integrated voice and data telecommunications services to primarily residential customers throughout the SBC/Ameritech territory of Illinois

Grant of the requested transfer of control **will** permit consummation of the sale of the aforementioned customers to MTI. The sale of Five Star's customer base is necessary because

<sup>1</sup> 47 U.S.C. § 214.

<sup>2</sup> 47 C.F.R. §§ 63.18 and 63.04(a)

<sup>3</sup> Midwestern Telecommunications, Inc. and Five Star Phone Center are collectively referred to herein as the "Parties" or the "**Applicants**."

Five Star is in default on monies owed to SBC/Ameritech and a negotiated settlement is not possible. As a result, SBC/Ameritech has begun the process of disconnecting Five Star's customer base. Transfer of control will permit MTI to provide uninterrupted service to those customers. Accordingly, the Parties submit that grant of the instant application will serve the public interest.

The Parties request expedited consideration of this application in order to maintain dial-tone for the affected customers. The proposed sale will not introduce any new affiliations with foreign carriers.

A more detailed description of the Parties is provided below, along with the information required pursuant to Sections 63.18 and 63.04 of the Commission's Rules.

- (5)     MTI certifies pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that it is not subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 3301.

Five Star certifies pursuant to Sections 1.2001 through 1.2003 of the Commission's rules that it is not subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 3301.

- (6)     Description of the transaction.

Five Star is a privately held Illinois corporation with approximately 350 local exchange customers. The customer base was in danger of being disconnected by the underlying carrier, SBC/Ameritech because of non-payment by Five Star. MTI is a privately held Illinois corporation with approximately 6,500 local exchange customers. Pursuant to a Special Temporary Authority granted on September 13, 2002, MTI converted the customer base of Five Star on September 13, 2002 to its network. Five Star is no longer doing business as a CLEC. MTI continues to operate as a CLEC in the affected area.

- (7)     Description of geographic area served by Applicants.

Transferor:     Five Star is no longer providing service in any area

Transferee:     MTI provides local exchange service in California, Illinois, Indiana, Michigan, Ohio, and Wisconsin.

- (8)     Presumptive Streamlined Treatment.

Applicants submit that this Application presumptively qualifies for streamlined treatment pursuant to Section 63.03 (b)(1)(ii) of the Commission's rules because the transferor, Five Star is no longer a telecommunications provider. Furthermore, the application also qualifies for streamlining under Section 63.03(b)(2)(i) because MTI will have a market share of less than 10% and will provide competitive exchange services and exchange access only in geographic areas served by a dominant local exchange carrier that is not a party to the transaction and because no party to this application is dominant with respect to any service.

- (9)     Related Applications.

No other Commission Applications relate to the transaction that is the subject of this Application.

(10) Special Consideration.

Applicants *are* not requesting special consideration of this Application.

(11) Waiver Requests

- (1) In an Order released on October 7, 2002 (hereinafter "MTI Order"), the Consumer and Governmental Affairs Bureau granted a waiver of the 30 day advanced notification requirements of Section 64.1120 (e) in connection with acquisition of the Five Star customer base, conditioned upon MTI's provision of customer notification and certification to the Commission of compliance with all other portions of Section 64.1120(e).
- (2) The Wireline Competition Bureau has granted MTI an **STA** (Special Temporary Authority) pending final action on this Application.

(12) Statement of Public Interest.

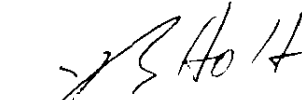

Grant of this Application will serve the public interest, convenience and necessity by promoting competition among telecommunications carriers. Specifically, approval of the proposed transfer of control of the Five Star customer base to MTI will enable those customers to continue receiving service without interruption.

Approval of the transfer of control will also enhance MTI's ability to strengthen its competitive position by implementing its long-term growth plans in its core markets. The transfer of control of the Five Star customer base to MTI will contribute to increasing MTI's operational flexibility and efficiency, as well as long-term financial viability. The proposed transfer of control will therefore ensure the continued provision of innovative, high quality telecommunications services to the public and should promote competition in the U.S. domestic telecommunications service market.

111. **CONCLUSION**

Wherefore, for the reasons stated herein, Applicants respectfully submit that the public interest, convenience and necessity would be furthered by grant of this Application for domestic Section 214 authority to transfer of control Five Star Phone Center from Five Star to MTI

Respectfully submitted,

---
